

COMPATIBLE WITH

AQUILA
UV LED

AQUILA
NANOSOLVENT

FALCO

VULPES

The benefits to your company of having IMAGO matrices:

- **matrix tailored to your products** - we design matrices for individual orders,
- **easier positioning** - less production loss due to misprints,
- **faster production** - automatic positioning of products on the table means fewer errors, resulting in more efficient production,
- **reduced employee training time** associated with machine operation,
- **full process control.**

See how the **matrix** works!
